## General Instructions

Generally it is always best to purchase the best quality gemstones that you can afford. The stones of lesser potency have been found to work very well and are less costly, though they need to be worn in a larger size in order to give the same strength of effects.

To derive the best effects of a gem, begin to wear it after cleansing it in fresh milk and rinsing it in purified water. Then, holding and concentrating on the gem, perform the mantra given 108 times.

Gems should generally be worn on the right for men and the left for women. Gems may be worn either on the appropriate finger as a ring, or on the upper arm as a bangle. Alternately the gem can be worn around the neck, but this has the disadvantage of the gem swinging and not maintaining skin contact. Most important is that the Gem is set so as to touch the skin.
